TCB's Bursary Programme 2013

The Tasek Corporation Berhad (TCB) Bursary Programme, was introduced in November 2011 with the objective of providing financial assistance to selected primary school students. As a corporate organisation, we believe education is important in creating a progressive, knowledgeable and educated workforce for the future.

In early March 2013, TCB visited Sekolah Jenis Kebangsaan Cina Chung Tack, Sekolah Kebangsaan Tasek and Sekolah Jenis Kebangsaan Tamil Kg Simee for the first Bursary disbursement for year 2013. Since the launch of the programme, TCB has received positive feedback from teachers from all three schools. Students also showed their gratitude for the financial assistance given.

TCB's Undergraduate Scholarship Programme

TCB is offering scholarships to students from lower income families who achieved good academic performance for full-time undergraduate engineering courses.

Apart from providing students with opportunities to further their studies with the scholarships, TCB will be building a pool of young graduates and engineers readily available for employment in the near future. The programme is also opened to application from children of TCB's employees.

The selection process is based on application and interview, where the eligibility of recipients are based mainly on their academic excellence and financial needs.

Contribution of Wheelchairs to Malaysia Association Help for the poor terminally ill, Gombak Kuala Lumpur

On 25th May 2013, TCB contributed 2 units of semi-automatic wheelchairs to Malaysia Association Help for the Poor Terminally Ill located in Gombak, Kuala Lumpur. This Association plays an important role in providing aid for terminally ill and needy patients who have been referred by the medical Social Welfare Department at hospitals.
