

Annual Blood Donation Activity

As part of its CSR activities for the year, Human Resources Department and Jabatan Perubatan Transfusi, Hospital Raja Permaisuri Bainun, Ipoh (General Hospital of Ipoh) organised a blood donation drive on 21st March 2018. The blood donation campaign was very well received where Tasek Corporation Berhad (TCB) employees and TCB contractors voluntarily came forward to donate blood. 24 units of blood were successfully donated to General Hospital of Ipoh in support of an extensive range of medical conditions as well as major operations and other medical interventions. The campaign was also intended to encourage TCB employees to donate blood to help sustain the blood bank at the General Hospital of Ipoh. At TCB, we believe very strongly in coming together to help people in need. We hope that by contributing to a cause like this, staff of TCB would really make a difference no matter how small the deed was.

Donate Blood, Save Life

Donation of OPC Cement to Bomba

On 5th April 2018, Tasek Corporation Berhad contributed OPC cement to Jabatan Bomba dan Penyelamat Perak (Fire and Rescue Department of Malaysia) at Balai Bomba Ipoh for them to build some facilities on their premise in conjunction with Sukma 2018 (Sukan Malaysia) which will be hosted by Perak State in September 2018. The handover ceremony was attended by Packing and IBM team. The programme was aimed at strengthening community relations and increasing brand awareness through CSR and appreciation events.
